**The Kansas City Stock Yards**

Are the most commodious and best appointed in the Missouri valley. The fact that higher prices are realized here than in the east is due to the location at these yards of eight packing houses, with an aggregate daily capacity of 3,000 cattle and 27,200 hogs, and the regular attendance of sharp, competitive buyers for the packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati, New York and Boston. The eighteen railroads running into Kansas City have direct connection with the yards.

Suffolk Punch, French Coach, English Shire, Clydesdale, Percheron and Standard Bred Stallions and Mares.

My horses were selected direct from the breeders of Europe, and are descendants of the most noted prize winners of the old world. I paid spot cash for all my stock and got the best at great bargains and was not obliged to take the refuse from dealers at exorbitant figures in order to obtain credit, thereby enabling me to sell better animals at better prices, longer time and a lower rate of interest than almost any other dealer in America.

I have also the most superior system of organizing companies and stock syndicates in this country, and insure satisfaction. I call especial attention to my references. By these it will be seen that I am not handling on commission the refuse horses of dealers in Europe. With me you get a square transaction, a good animal, a valid guarantee, and will converse with any firm in America on prices and terms besides.

Write me for descriptive catalogue and mention THE ADVOCATE.
